

The Ultimate Total Package Sound System New Limited Edition BEWITH Royal Ensemble

System comprised of only the finest components, including a special edition AZ-1CC Sunrise unit with pure copper chassis and MM direct connection, as well as the MM-1D Sunrise, six power amplifiers, 3-way speakers, etc.

BEWITH Ltd. New Product Announcement Feb. 10, 2014

BEWITH Ltd. (Headquarters: Tosu, Saga Prefecture; President: Toshiharu Nakashima) is proud to announce a strictly limited edition of the ultimate total package sound system—the BEWITH Royal Ensemble. This superlative audio system consists of the specially customized AZ-1CC Sunrise featuring a handcrafted pure copper chassis with added MM direct connection technology to the Mirror Station AZ-1 D/A converter and digital processor. This core component is paired with the MM-1D Sunrise rearview mirror-style linear PCM player, six P-1 Sunrise monaural power amplifiers, a V-50 Sunrise audio regulator, a Confidence II Sunrise Trio 3-way speaker system and a complete set of connection cables.

BEWITH will begin accepting orders for this limited edition system on February 14, 2014 (Friday). On the same day, a Toyota Prius G sports model demo vehicle equipped with the Bewith Royal Ensemble will go on display at BEWITH's stand at INTEX Osaka (International Exhibition Hall Osaka) during the Osaka Auto Messe 2014.

Total Package Sound System BEWITH Ensemble

Domestic Standard Price: 5 million yen (including tax)

AZ-1CC Sunrise (exclusive to this system) Overview

The main differences from the standard model Mirror Station AZ-1 are as follows:

- MM direct connection function enables direct connection with the MM-1D for even higher fidelity sound
- Handmade chassis of pure copper with pure copper top and bottom covers
- Top cover finished in Sunrise Red Clear Gloss

MM-1D Sunrise (exclusive to this system) Overview

The main differences from the standard model STATE MM-1D are as follows:

- Fine tuning of sound to match the AZ-1CC Sunrise
- Supports 96kHz/24bit down-sampling reproduction
- Sunrise Red Clear Gloss finish

P-1 Sunrise (exclusive to this system) Overview

- Exclusive specifications based on the new generation P-1 monaural power amplifier, scheduled to go on sale in summer 2014
- Incorporates new type of op-amp IC and SiC diodes jointly developed with New Japan Radio Co., Ltd.
- Body made of magnesium alloy [MAGNEOLA] specially for audio applications
- Sunrise Red Clear Gloss finish

V-50 Sunrise (exclusive to this system) Overview

- Exclusive specifications based on the new generation V-50 audio regulator, scheduled to go on sale in summer 2014
- Incorporates SiC diodes jointly developed with New Japan Radio Co., Ltd.
- Body made of magnesium alloy [MAGNEOLA] specially for audio applications
- Sunrise Red Clear Gloss finish

Confidence II Sunrise Trio (exclusive to this system) Overview

- 3-way speaker system based on Confidence II Sunrise speakers, the pinnacle of Bewith speaker
- Design optimized for digital full multi-drive (no crossover network)
- Exacting selection of components full pair matching
